

EDUCATIONAL VISITS POLICY SAINT RONAN'S SCHOOL

(ISI POLICY A10/NMS POLICY B6)

PERSON RESPONSIBLE: WTV

SCOPE OF APPLICATION: All children in the School, including EYFS

Date of policy: September 2008

Review dates:

- May 2012
- May 2016
- January 2017
- November 2017
- October 2018

NO VISIT MAY BE UNDERTAKEN WITHOUT FOLLOWING THIS POLICY, WHICH APPLIES TO TRIPS AND VISITS OUT, BUT NOT SPORTS FIXTURES

The **Education Visits Coordinator (EVC)** will be responsible for the implementation of this policy, which has been approved by the Headmaster and the Bursar.

The Group Leader (GL) must follow the guidance given in this policy document.

THE PURPOSE OF THIS POLICY:

Visits off-site provide educational enrichment for the children involved but also present challenges to their health and welfare. This policy is designed to ensure that visits are planned and operated in accordance with its guidelines so that pupils can participate fully in educational visits in reasonable safety.

THE PLANNING OF EVERY TRIP:

- In the preceding academic year, the ADHM (Enrichment) will decide, with the help of the EVC, how many trips each year group will have, where they will visit and when the visits will take place. The potential for academic enrichment will be considered, as will the dates on which the trips take place. Careful consideration will be given to minimizing disruption to other activities and lessons in the school.
- Once a trip has been decided, the EVC or nominated GL will book the trip and put it on the School calendar.
- Once all trips for the term ahead are finalized, the EVC will present a list to the HM.
- With the approval of the HM, these trips will be published in the Blue Book for the following term.

THE GROUP LEADER (GL):

The GL must be a member of staff who is competent, fit and well enough to lead the trip.

THE PROCEDURE FOR EACH TRIP:

For each trip, the GL will fill in comprehensively and sign the following documents/forms and pass them to the EVC:

- **Trips 1:** Initial Request (to be counter-signed by the Deputy Head Academic)
- **Trips 2:** Request Form
- **Trips 4:** Risk assessment
- **Trips 6:** Emergency Contact Information

The Headmaster will sign:

- **Trips 3:** HM Confirmation Form

Parents must fill in and sign (for residential trips or 'hazardous' activities **only**):

- **Trips 5:** Parental Consent Form

The Parents **do not** sign Trips 5 (Parental Consent Form) for 'day' trips out; their consents have been given via their signature of the 'Annual Medical Update & Parental Consent for Trips' form that is generated every academic year in September and held by the Matron. This form authorizes the school to authorize emergency medical treatment for a pupil, if necessary. **Trips 5 is used only as parental consent for residential and hazardous trips.**

Feedback after a trip should be given verbally by the GL to the EVC, who will consider and record any significant information. If an incident has occurred, the GL will submit a report to the EVC and the Headmaster so that the suitability of the same trip in the future can be weighed up. Risk assessments for repeat trips will be added to with any refinements drawn from the previous trip.

ADDITIONAL PROCEDURES FOR RESIDENTIAL TRIPS OR THOSE INVOLVING 'HAZARDOUS' ACTIVITIES:

All the trip forms listed above will be filled in, with the addition of:

- **Trips 5: Parental Consent Form.** This includes a request from the parent/s for dietary and medical information, consent for the child to take part in swimming and any other activities taking place on the trip and the contact details for the parents while the trip is taking place. The EVC will take copies of these forms and give the originals to the GL to keep with him/her for the duration of the trip. Alternatively, the forms will be downloaded onto his/her telephone, or a school telephone, via Foldr.
- Risk assessments for each activity will be sought by the EVC or the GL from the provider/organizer of those activities, together with their insurances and professional certifications. These will be checked by the EVC and will form part of the school's risk assessment for the trip. The EVC will check that every activity has been considered and risk-assessed.

- The EVC will check that the tour company/airline is ATOL/ABTA bonded so that cover is provided in the event of the bankruptcy of the provider. A member of staff will receive the location being visited, if we have not visited it before, and if this is not possible, the EVC will obtain a reference from another school.
- The EVC will check that any (non-school) staff (e.g. at an activity centre) have been DBS-checked by their employer and have all the necessary qualifications, including First Aid.
- The EVC will check with the travel advice unit of the Foreign and Commonwealth Office, if applicable, for the country being visited. If that country has advice on how to react in the event of a terrorist attack, the EVC will procure that document and give it to the GL, who will then brief the other members of staff.
- The EVC will procure a school credit card for use by the GL if necessary, plus cash and local currency if applicable.
- The EVC will procure a school mobile phone for use by the GL.
- If the trip is abroad, the EVC will provide the GL with the telephone number of the nearest British Consul and the nearest local hospital.
- On arrival at an activity centre, the GL will satisfy her/himself that arrangements for safety and welfare are satisfactory. S/he should also agree with the activity centre about who is going to be responsible for the children and for what period of time.
- The GL will ensure that the fire drill for an overnight stay is explained to every pupil by a designated person. This should include escape routes, alarm points, assembly points, use of towels, heads well down, avoidance of panic and so on.
- The EVC will ensure that the Activities/Tour Provider signs an 'Information Sharing Agreement' prior to the trip, confirming that they will store data about our pupils securely, not share it with any other organization and destroy it once the trip and all related matters have been concluded.

COMMUNICATING WITH PARENTS ABOUT TRIPS (RESIDENTIAL AND DAY TRIPS)

Parents are made aware of trips taking place during the academic year via the termly Blue Book, which is sent out during the holiday before the term in which the trip will take place.

In addition, parents will be written to before every trip:

- For 'day' trips: 2 weeks ahead
- For residential trips: 6 months ahead (or more).

These letters will include the dates and timings of the trip; the transport details; the potential for personal or academic enrichment; the price and the payment structure (if applicable); a reminder about the appropriate clothing and a reminder that children may not bring electronic equipment of any sort. A kit list will be sent out, if necessary, with a full programme of activities.

For **'day'** trips, the parents will 'opt out' rather than 'opt in', unless the trip costs over £30, in which case consent will be sought from the pupils' parents. Wording such as the following will be used in the letter to parents about the trip:

'If you have an objection to your child going on the trip, or the date presents a problem, please let (EVC) know by (date). Otherwise we will assume that you give your consent and are happy for the cost to be added to your bill.'

For **residential** trips, the receipt of a deposit will be taken as acceptance by the parents of the cost of the trip, their child's participation in it and the arrangements for future payments.

For **residential trips abroad**, the EVC will write to parents requesting passports and EHICs (and any other information needed, for example, for an API form) 4-5 weeks in advance of the trip. Passports and EHICs will be logged and copies made by the EVC and passed to the Bursary to be kept in the Safe.

For **residential** trips, the parents will be invited to an Information session, given by the GL, who will present an outline of what the trip entails and invite any questions. The idea will be to inform parents of what is likely to happen on the trip and to answer any questions they might have. Nearer the departure of the trip, parents will be furnished with contact details for the staff accompanying the trip and details of the relevant 'blog' on the parents' extranet or on the school Facebook page.

A 'final arrangements' email, text or letter will be sent to parents 1-3 days before a trip goes out, reminding them that their children should bring with them or supply to staff (if applicable):

- Sickness medication
- Formal Wear or other clothing/footwear/headwear applicable to the trip
- Pocket Money
- Small rucksack
- Kit, if necessary
- No electronic equipment of any description (unless an exception has been made)
- And inform them of any arrangements, such as an early start or a late return. If the return time changes, the EVC will text them with an updated ETA or of alternative collection arrangements, if necessary.

(Not an exhaustive list.)

RISK ASSESSMENTS:

Risk assessments are legal requirements and careful consideration will be given to them. Staff on trips will act as a careful parent would and take reasonable steps to ensure the safety of the children for the duration. They must include/identify:

- What are the risks?
- Who might be affected by them?
- What safety measures must be in place to reduce risks to an acceptable level?
- What steps will be taken in an emergency?

Risk Assessments should include control measures for:

- Medical emergencies and travel sickness
- Transport problems (breakdown, embarkation/disembarkation, the need to wear seat belts, the need not to distract the driver)
- Keeping children safe when crossing roads
- Avoiding losing a child and how a child should be briefed to react if he/she is lost (children to approach a member of staff at the place being visited or an 'official' person in uniform, like a police officer). All children on a trip will be given silicone bracelets bearing the name 'Saint Ronan's and showing the Saint Ronan's telephone number.
- Keeping children safe when using public toilets & encountering the public
- Any special needs and how appropriate measures should be implemented
- The age and capabilities of the children
- Escape routes, alarm points, assembly points etc. in the event of fire
- Specific issues at the site they are visiting (the GL should obtain a site-specific risk assessment from the place being visited, which will form part of his/her own)
- Reassessing the risks (e.g. getting frequent weather forecasts) during the visit, changing the itinerary if necessary and having in place contingency arrangements, including how to terminate a trip

(GLs will use the Saint Ronan's generic risk assessment template as the starting point for every risk assessment and add and subtract where appropriate.)

The GL or EVC will provide a copy of the risk assessment, including risk assessments from wherever we are visiting, to the HM for consideration and approval before the trip departs.

The GL will remember that it is never sufficient to tell children where they may/may not go – a member or members of staff should remain with them at all times and ensure that instructions are observed.

The GL will be responsible for briefing the other adults, and the children, if applicable, regarding potential risks and the control measures.

The GL will take and keep the mobile phone number of the coach driver, if applicable.

TERRORISM RISK ASSESSMENT:

The GL will fill out a copy of the Terrorism Risk Assessment (6.3.7), provide a copy for the Headmaster, carry a copy with him/her on the trip and be responsible for briefing the other

members of staff accordingly. If the trip is to a location abroad, the EVC will also procure any advice given by that country's government on reacting in the event of a terrorist attack.

EMERGENCY PROCEDURES:

Every GL will read and carry with them the Emergency Plan and be responsible for briefing the other members of staff on the trip accordingly. He/she is also responsible for handing out Saint Ronan's rubber wristbands to every child and staff member on the trip. These say 'Saint Ronan's School (44) 1580 752271' and must be worn by everybody involved from the commencement of the trip until the end of the trip or the return to school, when the GL will collect them.

MEDICAL CONSENTS AND MEDICATION, INCLUDING MEDICATIONS FOR SPECIFIC CHILDREN:

On **residential** trips, or ones including '**hazardous**' activities, the *original* copy of the Parental Consent Form (Trips 5) for each pupil will accompany the trip. Copies will be held by the EVC.

Prep School only: For day and residential visits, the Matron will generate a 'Medicines Checklist' for the trip, including a list of children who need epi-pens and inhalers and of children who have dietary needs and specific allergies. A report on each child will be generated from iSAMS and be appended to this, listing the child's GP and both the parents' contact details. (Alternatively, these reports will be downloaded onto the GL's telephone, or a school telephone, via Foldr.) The wording at the bottom of the front checklist will state clearly that the School already holds parental consent forms for the emergency treatment of all the children and that consent has been given for the use of paracetamol (unless specifically stated).

This information will be given to the GL by the Matron, who will brief him/her on how to treat specific pupils in the event of an emergency. The Matron will also give the GL a medical bag containing a general first aid kit and specific medication for any children who may require it. Sick bags, wipes and anti-bacterial hand gel will be included.

Pre-Prep only: The Pre-Prep keeps its own first aid kits (regularly audited by the Matron), with a Medicines Check List and parental contacts, and those will be taken on the trip.

FOOD ALLERGIES:

If visiting another school, or an activity centre in the UK or abroad, the Matron will advise a member of that school's/activity centre's kitchen, medical or office staff of any food allergies our pupils might have in advance of the trip. The Saint Ronan's kitchen will provide

packed lunches and snacks with labelled alternatives for pupils with food allergies or intolerances.

STAFFING AND RATIOS OF STAFF TO CHILDREN:

The trip will not take place unless suitably experienced party leaders are available. All staff must understand their roles and responsibilities and understand the correct procedures in case of an emergency. Staff will be aware of any pupils who may require closer supervision, such as those with a medical condition or behavioural problems. Staff will carry registers and do regular head counts when separating or re-forming groups and when moving between locations.

The GL will appoint a Deputy GL who can take over if necessary.

Supervision by age will be as follows (minimum):

Nursery	1:4
Infants (Reception to Year 2)	1:6
Juniors to 11 (Years 3 to 6)	1:10/15, or as risk-assessed
Seniors 11-18 (Year 7 onward)	1:15/20, or as risk-assessed

Overnight stays in the UK and abroad

The ratios below will be followed:

Juniors to 11 (years 4 to 6)	1:10
Seniors 11-18 (year 7 onward)	1:10

On overnight stays in the UK and abroad, there should be a minimum of two teachers in every party and a woman teacher (or other adult helper) in the case of girls or a mixed gender party.

PARENT HELPERS:

Parents helpers must have been DBS-checked by the school. Teachers will retain the prime responsibility for supervising the children at all times.

RESPONSIBILITIES OF PUPILS:

The GL will make it clear to pupils that they must:

- not take unnecessary risks
 - follow the instructions of the leader and other supervisors including those at the venue of the visit
 - dress and behave sensibly and responsibly, using safety equipment as instructed
 - if abroad be sensitive to local codes and customs
 - look out for anything that might hurt or threaten themselves or anyone in the group and tell the GL or supervisor about it
- Uphold expected standards of behaviour

Any pupils whose behaviour may be considered to be a danger to themselves or to the group may be stopped from going on the visit.

Reasonable adjustments will be made for disabled children.

CHILD PROTECTION:

The School's Safeguarding and Child Protection policy and procedures will apply during educational visits. The Group Leader will carry out the duties of the Designated Person or will name an appropriate adult supervisor to do so.

TRANSPORT:

Coaches will only be hired from bona-fide commercial hire companies with the appropriate insurances. There will be a seat and seat belt for each passenger. Supervising staff will ensure that the children remain seated at all times and keep their seatbelts on.

Minibuses: All minibus drivers will act according to the guidelines of the Minibus Operating Procedures Policy 2016 (6.11). Only drivers with D1 or a competency training qualification on their driving licenses will be allowed and insured to drive. These drivers must be on the drivers list held by the Bursary. Minibuses should travel in convoy and every driver should carry a mobile phone. In the event of a breakdown the driver should contact the school office and the rescue company listed in the folder in the minibus.

Member of Staff's Own Car: Use of a school vehicle is preferable. The member of staff and his/her passengers will be covered by the School's insurance policy but the first port of call will be his/her own insurance in the event of an accident.

Conduct on coaches: the children should stay seated, with seat belts on, for the duration of the journey. Staff should spread out around the coach – some at the front, some by the emergency exit and some at the very back. Care will be taken not to distract driver.

USE OF PUBLIC LAVATORIES ON TRIPS:

All children will be supervised when using public lavatories. Male staff should accompany male children and female staff should accompany female children, to gender-specific lavatories if possible. The entries and exits of each set of lavatories will be monitored by another member of staff.

If the children are in a mixed gender group and the staff comprise one gender only, the lavatories must be checked to be safe by a member of staff. Methods of checking or ensuring safety may include boys using the female lavatories or using the disabled lavatories (with permission).

If the children are in another school, they may visit the lavatories in pairs and without a member of staff.

ACCIDENT AND EMERGENCY:

Generally:

- The GL, supervisors and helpers should be aware of the risk, however, remote, that there might be death, personal injury, damage to property or involvement with the police at a location where help is less readily available than under normal circumstances at home.
- It is only prudent for procedures to be drawn up, understood and agreed by the GL, supervisors and helpers and also the pupils.
- Following an incident, photographs that are taken, tape recordings and written statements and notes become evidence. Great care should be taken over accuracy and record keeping in particular names, timing and date. Photographs should, if possible, record height of lens and approximate position on a sketch plan.
- No liability or any form of blame must be admitted without insurer's consent or cover under the policy may be jeopardised.

ACCIDENT AND INJURY:

The GL will :

- Establish nature and extent of the emergency
- Make sure that all other members of the party are accounted for and safe.
- If there are injuries, establish their extent and administer first aid (if you have been trained or feel capable - but be aware of consequences that might follow were you to give incorrect treatment).
- Establish names of the injured and call relevant emergency services
- Advise other party staff of the incident and that emergency procedures are in operation.
- Ensure that an adult from the party accompanies casualties to hospital or if on your own you go with the injured pupil(s); the Emergency Services will look after the rest of the party until another member of staff arrives.
- Ensure that the remainder of the party are adequately supervised throughout and arrange for their early return to base.
- Arrange for one adult to remain at the incident site to liaise with emergency services until the incident is over and all children are accounted for.
- Control access to telephones until contact is made with the Headmaster, Deputy Headmaster or Bursar and until they have had time to contact those directly involved. Pass full details of the incident (name, nature, date and time of incident, location of incident, details of injuries, names and telephone numbers of those involved, action taken so far).
- Establish telephone numbers for future communication (identify alternate telephone numbers in case telephone lines become jammed).
- The school will arrange to contact the parents of those involved. In serious incidents the parents of all party members should be informed.
- Each witness who is able should as soon as possible make an individual written account of what occurred. Accuracy, names, dates and times are essential. A rough sketch plan should be drawn showing the main features if appropriate.
- Take photographs and generally record the circumstances as best may be done at the time.

STATEMENTS AND ADMISSIONS:

- Under no circumstances should anyone make a statement to the press or any admission of liability for any occurrence other than on legal advice. Make a written record of oral legal advice - including name, address, date and time.
- Where a claim might be brought following theft or other loss, the local police must be informed.
- The Group Leader should note down the name, address and reference of the official and the time and date the report is made.

- Written confirmation of the report should be obtained from the official, if practicable.

ACTIONS TO BE FOLLOWED BY STAFF IF A CHILD GOES MISSING ON A TRIP:

- An immediate head count will be carried out in order to ensure that all the other children are present. All adults and pupils will be asked to explain when they last remember seeing the missing pupil.
- An adult will search the immediate vicinity, including retracing steps to the last place the child was seen, and alert the management of the organisation, who will also search and secure the venue if necessary. The remaining staff will stay in one place with the other children.
- The GL will telephone the Headmaster by phone.
- The GL will inform the police.
- The Headmaster will inform the child's parents and explain what has happened and what steps have been set in motion. He will advise them as to whether to come to the location or wait at school.
- The remaining children will be taken back to school as soon as reasonably practicable.
- The DSL will inform the LADO.
- The Headmaster will inform the Chairman of Governors.
- The Bursar will inform the school's insurers.
- The school will cooperate fully with any Police investigation and any safeguarding investigation by the local authority.
- Media queries will be referred to the Headmaster (after discussion with the LADO if appropriate).

ACTIONS TO BE FOLLOWED ONCE THE CHILD IS FOUND

- The GL or other member of staff will talk to, take care of and, if necessary, comfort the child.
- The GL or other member of staff will talk to the other children to ensure they understand why they should not leave the premises/separate from a group on an outing.
- If the child is found, the Headmaster, police and parents will be notified as soon as possible.
- If the child is injured and is taken directly from the scene of the accident to hospital for treatment, a report will be made under RIDDOR to the Health & Safety Executive (HSE) as soon as reasonably practicable and no later than 15 days of the accident.
- The investigation/ incident report will be made by the GL covering time, place, numbers of staff and children, when the child was last seen, what appeared to have happened, the purpose of the outing, the length of time that the child was missing and how s/he appeared to have gone missing, as well as articulating lessons for the

future. The investigation will involve all adults concerned with the trip and they should provide written statements.

- The school will review its procedures and, if necessary, these will be adjusted.

INSURANCE:

Comprehensive insurance policies covering all risks normally associated with school visits (including residential trips and trips abroad) will be maintained and updated by the Bursary. The EVC will check with the Bursar if in doubt as to whether or not a specific activity or circumstance is covered by the school policy, or whether it should be covered by the insurers of the activities provider. On residential trips, the GL will take a copy of the school's insurance policy with him/her.

ON THE RETURN TO SCHOOL FROM THE TRIP:

- Medical and contact information for each pupil or member of staff will be returned to the School Office for shredding
- All first-aid kits, epi-pens, inhalers and any other medication will be returned to the school matron
- The GL will report back verbally to the Headmaster and EVC about the trip
- Any photographs will be given to the IT Department and be transferred to the database
- Any money will be returned to the Bursary
- A report will be written for inclusion in the news section of the website
